

REMARKS

The examiner has previously held that claim 6 was allowable if rewritten including all limitations of base and intervening claims. The elements of claim allowable claim 6 have been added to base claim 5 which should now be allowable. All other remaining claims depend from claim 5 and as such all remaining claims should now be allowable.

Should the Examiner have any further questions or concerns the Examiner wishes to address by Examiner's amendment by telephone or otherwise, or should the Examiner have suggestions to more clearly define the subject matter of the claims to more clearly define the patentable subject matter, the Applicant's attorney would be most receptive to such.

Respectfully submitted,

A large, stylized handwritten signature in black ink, appearing to read 'Donn K. Harms', is written over a horizontal line.
